Company Profile

ABB Ltd. is a technology company, which engages in the development and provision of electrification, motion and automation solutions. It operates through the following business segments: Electrification, Motion, Process Automation and Robotics & Discrete Automation. The Electrification segment manufactures and sells electrical products and solutions which are designed to provide safe, smart and sustainable electrical flow from the substation to the socket. The Motion segment manufactures and sells drives, motors, generators, traction converters and mechanical power transmission products that are driving the low-carbon future for industries, cities, infrastructure and transportation. The Process Automation segment develops and sells a broad range of industry-specific, integrated automation and electrification and digital systems and solutions, as well as digital solutions, life cycle services, advanced industrial analytics and artificial intelligence applications and suites for the process, marine and hybrid industries. The Robotics & Discrete Automation segment delivers its products, solutions and services through two operating Divisions: Robotics and Machine Automation. The company was founded on January 5, 1988 and is headquartered in Zurich, Switzerland.
