### Company Profile

ENGIE SA engages in the provision of electricity, natural gas, and energy related services. It operates through the following segments: Renewables, Networks, Energy Solutions, Thermal, Supply, Nuclear, and Others. The Renewables segment is involved in the renewable energy generation activities, including financing, construction, operation and maintenance of renewable energy facilities, using various energy sources such as hydroelectric, onshore wind, photovoltaic solar, biomass, offshore wind, and geothermal. The Networks segment focuses on electricity and gas infrastructure activities and projects. The Energy Solutions segment consists of construction and management of decentralized energy networks to produce low-carbon energy heating and cooling networks, distributed power generation plants, distributed solar power parks, low-carbon mobility, low-carbon cities, public lighting, and related services. The Thermal segment centralized power generation activities using thermal assets, whether contracted or not includes the operation of power plants fueled mainly by gas or coal, as well as pump-operated storage plants. The Supply segment relates to the sale of gas and electricity to end customers, whether professional or individual. It also includes all the group's activities in services for residential clients. The Nuclear segment refers to nuclear power generation activities with seven reactors in Belgium and drawing rights in France. The Others segment encompasses energy management and optimization activities, the B2B supply activities in France, GTT, corporate, and holding activities. The company was founded on April 8, 1946 and is headquartered in Paris, France.
