Advantages

A modern, active investment strategy ensures a fair balance of risk and return. The broad investment in a vast array of asset classes allows for a significant degree of risk diversification, which may reduce the risk of capital losses. You can sell your YOU INVEST fund at any time at the current redemption price.

Details you should be aware of

Investments on the capital markets are subject to market price fluctuations. Capital loss is possible. Foreign exchange fluctuations may have a negative effect on the price of the fund. Risks that may be significant for the fund are in particular: credit and counterparty risk, liquidity risk, custody risk, derivative risk and operational risk. Comprehensive information on the risks of the fund can be found in the prospectus or the information for investors pursuant to § 21 AIFMG, section II, "Risk information".

Performance goal and investment strategy

YOU INVEST GREEN solid offers investors a dynamic mix of different asset classes. Within the YOU INVEST product family for private customers, it is the fund with the lowest risk appetite and suitable for long-term capital accumulation. In return, a correspondingly lower increase in value is expected. The focus is on price stability. The portfolio is continuously monitored by our experts and regularly optimized in line with current market opportunities. The fund management is managed within a comprehensible and structured investment process. Investment decisions align with the ERSTE AM responsible approach, considering sustainable and ethical selection criteria. The fund invests up to 10% in equities or equity funds and up to 100% in bonds or bond funds.
