Disclosure Regulation Article 8

since inception

The chart shows the current fund share unit price (NAV) of the nominal value of an investment company proclaimed on that working day. Performances under 12 month have only little informative value. Information about previous performance does not guarantee future performance.

Source: Česká spořitelna, a. s.

Advantages

Broad diversification in selected Japanese companies with little capital investment. Opportunities for attractive capital appreciation. The fund is suitable as an addition to an existing equity portfolio and is intended for long-term capital appreciation.

Details you should be aware of

The price of the fund can fluctuate considerably (high volatility). Due to investments denominated in foreign currencies, especially in Japanese Yen, the net asset value of the fund can be negatively impacted by currency fluctuations. Capital loss is possible. Risks that may be significant for the fund are in particular: credit and counterparty risk, liquidity risk, custody risk, derivative risk and operational risk. Comprehensive information on the risks of the fund can be found in the prospectus or the information for investors pursuant to § 21 AIFMG, section II, "Risk information".

Performance goal and investment strategy

The ERSTE RESPONSIBLE STOCK JAPAN is a sustainability equity fund that invests primarily in shares of selected companies domiciled or listed in Japan.

The stock selection focuses on companies with medium to high market capitalization, attractive dividend yields and above-average quality. The fund pursues a rule-based investment policy based on purely quantitative criteria. The investment decision focuses on shares of companies that are pioneers in terms of environmental, social and governance aspects. As part of an integrated ESG approach, ethical aspects are also taken into account. Hedging of foreign currency risks is generally not intended, but possible.

Upozornění na riziko podle rakouského zákona o investičních fondech 2011

Since the history of the fund is very short, this performance chart is of little significance.

ERSTE RESPONSIBLE STOCK JAPAN may exhibit increased volatility due to the composition of its portfolio: i.e. the unit value can be subject to significant fluctuations both upwards and downwards within short periods of time.
