Company report: ABB LTD

## Company Profile

ABB Ltd. is a technology company, which engages in the development and provision of electrification, motion and automation solutions. It operates through the following business segments: Electrification, Industrial Automation, Motion, Robotics & Discrete Automation and Corporate and Other. The Electrification segment manufactures and sells products and solutions which are designed to provide safer electrical flow from the substation to the socket. The Industrial Automation segment develops and sells integrated automation and electrification systems and solutions, such as process and discrete control solutions, advanced process control software and manufacturing execution systems, sensing, measurement and analytical instrumentation and solutions, electric ship propulsion systems, as well as large turbochargers. The Motion segment manufactures and sells motors, generators, drives, wind converters, mechanical power transmissions, complete electrical powertrain systems and related services and digital solutions for a wide range of applications in industry, transportation, infrastructure, and utilities. The Robotics & Discrete Automation segment develops and sells robotics and machinery automation solutions, including robots, controllers, software, function packages, cells, programmable logic controllers, industrial PCs, servo motion, engineered manufacturing solutions, turn-key solutions and collaborative robot solutions for a wide range of applications. The Corporate and Other segment includes headquarters, central research and development, the Company's real estate activities, Corporate Treasury Operations, historical operating activities of certain divested businesses and other non-core operating activities. The company was founded on January 5, 1988 and is headquartered in Zurich, Switzerland.
