## Company Profile

ASML Holding N.V. is one of the world leaders in the manufacture of advanced technology systems for the semiconductor industry. The company offers an integrated portfolio for manufacturing complex integrated circuits (also called ICs or chips). With every generation, the complexity of producing integrated circuits with more functionality increases. Semiconductor manufacturers need partners that provide technology and complete process solutions. ASML is committed to providing customers with leading edge technology that is production-ready at the earliest possible date. ASML technology is supported by process solutions, enabling customers to gain and sustain a competitive edge in the marketplace. Manufacturing sites and research and development facilities are located in the United States, Taiwan, China, Korea and the Netherlands. Overall, ASML has more than 60 locations in 16 countries. Founded in the Netherlands in 1984, ASML's corporate headquarters is in Veldhoven, the Netherlands.
