## Company Profile

Tyler Technologies, Inc. engages in the provision of integrated technology and management solutions and services for the public sector with a focus on local governments. It operates through the following segments: Enterprise Software and Platform Technologies. The Enterprise Software segment provides public sector entities with software systems to meet their information technology and automation needs for mission-critical back-office functions such as financial management, courts and justice processes. The Platform Technologies (PT) segment provides public sector entities with software solutions to platform and transformative solutions including digital solutions, payment processing, streamline data processing, and improve operations and workflows. The company was founded in 1966 and is headquartered in Plano, TX.
